You are back already?
The chairman said he'd be attending a very important meeting with you.

Ah ! we are done with the important meeting already.
I see you are with a guest. Should I prepare dinner ?
No, we already ate ....
But I can eat much much more !
We are fine. Don't mind us and do your work.

This ..., this is your room ?
This is your first time seeing ym room ?
Yep, it's as big as a basketball court. You could play basketball here.
Really ..., it's on different level.
You are capable of normal thoughts, I see.

or so I thought ..., that's all you think about, right?
It is really different class ! A refrigerator in a room ? And it's full !
Quit the fencing club.
.... did I go too far ?
You bombarded both sides. It won't be easy.
You will go and leave school with me from now on and no more going outside alone. Avoid being in places where there are not much people. Also make sure to lock doors and windows.
I guess I should just go on with the engagement and sort out the situation later.

Janimes
www.janimes.com

Be extra careful of Han, Seong Ho from now on.
I will take care of the rest. I should be able to take care of tonight's incident with a hidden card given by Yeong In.
Although I'd have to deal with the chairman Jang ...
But ... I've never asked you for help.
I don't know what you are so afrad of and want to avoid, but I am not that weak to be protected.

Why Yeong In had to almost kidnap you to the party, why the teacher had to put scissors on my neck, and why you want to hide all those from me ...
I will never know unless you tell me and I can't help you either unless you are open to me.
But Sin Uoo, I am not your burden !
Thinking that I am a burden to you murders me.

So...,
I was trying
to avoid
things that
would hurt
you.
But it seems
my intention hurts
you .
I swore ...
that I will
never hurt
you again.

I don't know
what
But I want to be
smart
ever
thing to me
Don't worry
will protect you
Something's not
right
Chairman
you are back

Gather every men you can
They should be in Seoul still
Sir if we bring that many men the media
Doesn't matter am prepared to take the shame
Who cares about the media when my son was kidnapped !!
It must have been done by the indecent being

disappointed
in you for the
incident

after it s all over
How would it be
possible especially
when know your
true face
thought you
could be trusted
Don't waste
your effort on
the impossible

Jaiminé
www.janimes.com

Ah
was wondering a bit
Do you feel any guilt after what you've done
Of course do feel so sorry everytime see you that my heart shrinks
Why don't you synchronize your mind and face
This is my am sorry face
Forget it

do feel sorry but too bad
am going to have to throw you another bomb
Another bomb What are you up to now
Well you look fine am glad
didn't know you had the nerve to even pay attention to me

Whenever you feel down you always tortured students Does your stress really go away after you vent on them
don't think you have right to ask that
I am asking since may get similar kind of job in future
very sorry
Good Good Don't do it again then
따
따

What now I am sure Sin Joo gave you some kind of warning about me
Warning Right he told me to be careful about you
Hmm it s cool even at noon Looks like winter is coming soon
Other seniors are draining their blood for last sprint But what are they doing on the playground It s amazing that they don t get dropped off semester
know that am probably hitting a cold rock
But weren t you being friendly to me because you had an objective

Of course not I am sure you didn't mean anything
The break time is over
was going to get something to eat from the cafeteria But you ruined everything
Sorry
But still
I am sure she's not But what I am getting a strong feeling that
she may be far more cunning that Sin Joo

Hah
Do you really think believe this info ?

It must be someone of similar level
How could you find some weird person like this
By the way who does every picture involve eating
didn't mean to She was constantly eating except when sleeping
This is absurd She is not the one
Someone like this is Yeong In's rival
None sense
How about approaching from a different angle

Yeong In ?!
am sorry to have entered without a knock
But would you leave Sin Joo s case to me ?
We are still young So we want to do this as natural as possible
But Yeong In
If you step forward it will be too big and everyone will only see this as an arranged wedding

am your granddaughter
Do you think don't have the charm
No believe you
You are Yeong Seo's daughter
He was the smartest child had And you have his blood
Of course of course No girl is better than you

Perverts
What
Hey that cutie just cursed us with that pretty mouth of hers right
You really are getting on my nerve
Don't be so confident of being in a group
Each of you couldn't have said a word if you weren't in a group You are wuss

!@# $!
Now you hit me ?!
We were being easy on you since you were pretty

What s going on
Let s go
You will pay for this

Do you even go to school? Your school seems to finish earlier than any other
It's a lot better than this garbage school. Except for main classes freedom is granted to students
Maybe I should get a transfer to there
I am sure that the school will refuse you at once
Which one did you come here for?
Neither I am here to give you this
I don't mean anything by giving you that. So just take it
These are my pictures. When were these taken?
Sin-Woo or the teacher?

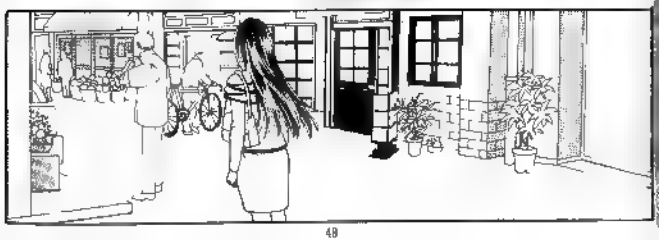
Although I do mean you to see yourself from aonther angle by giving you that
Hm this is during lunch break this is after lunch break this is after school
Ah This is from on my way to home

Have you realized something
Yep yep
Have you really ?!

If you wanted to eat these why didn't you just eat rather than just taking pictures
Fine whatever
don't have much freedom like you do So will take my leave f you see Han Seong Ho tell him was here
He should know what that means
Where is the car
took a cab today am going to take a walk Don't mind me
YOKA

Hey you are going to ruin your pretty shoes Just take a cab
hey take a cab

Argh you are making me worried



How sad am getting homesick like this
Let s stop this and negotiate it at a proper line Park Sin oo don t want to go further than already s
You We both can have everything we want But we can t have every person we want around
FIN

ドドドド

You two block the ally
Ok
See? She's not bad told you
Yes indeed was skeptical since your taste is not that good though
Looking for this
Don't worry After we are done we will give it back

see you
behave differently
since you are
from low class
school
Cute mouth you
have
Haha
cute
Why does she
have to be
cute that much
f you apologize
now and withdraw
will consider as
nothing happen
So step aside

Step aside
Ok?!
Your wrist is so soft and thin like a brech
I wonder why my school has none of your kind
Let it go
This is your last warning

Wow ~
nice waist
can grab with
one arm
Where do
you think
you are
touching ?!
I hate this
kind of man
I learned fencing solely
to beat up this kind of
guys but still can't
I hate this
I don't care who !
Help me !

Ha Ha li
said don't
care who
but not that

Don't misunderstand thought she got lost and was trying to tell her directions
You don't have to defend yourself. I know your pattern

But Park Kyeong Sic didn't know you could do something like this

didn't start this a junior called me

Hey are you ok

Sorry to say but I was not born with your bear like strength
You should have trained your bare strength first As long as you rely on an object to boost power you won't be able to defend yourself when the object is taken away
You still have the guts don't you ? I guess that's why I still like you
See my fist It's not powerful if you just simply swing Make it look like this
If you were not born with good strength at least learn the skill

오키나

See
If you know how
to make a fist
right it can do
some damage
even if your
strength doesn't
back you up
From now on
when your weapon
is seized
use your fist
Quit looking
down on me
and do it right
when I am
being serious

Starting with your pinky, make a fist gradually
And put your thumb on your index and middle fingers and press hard

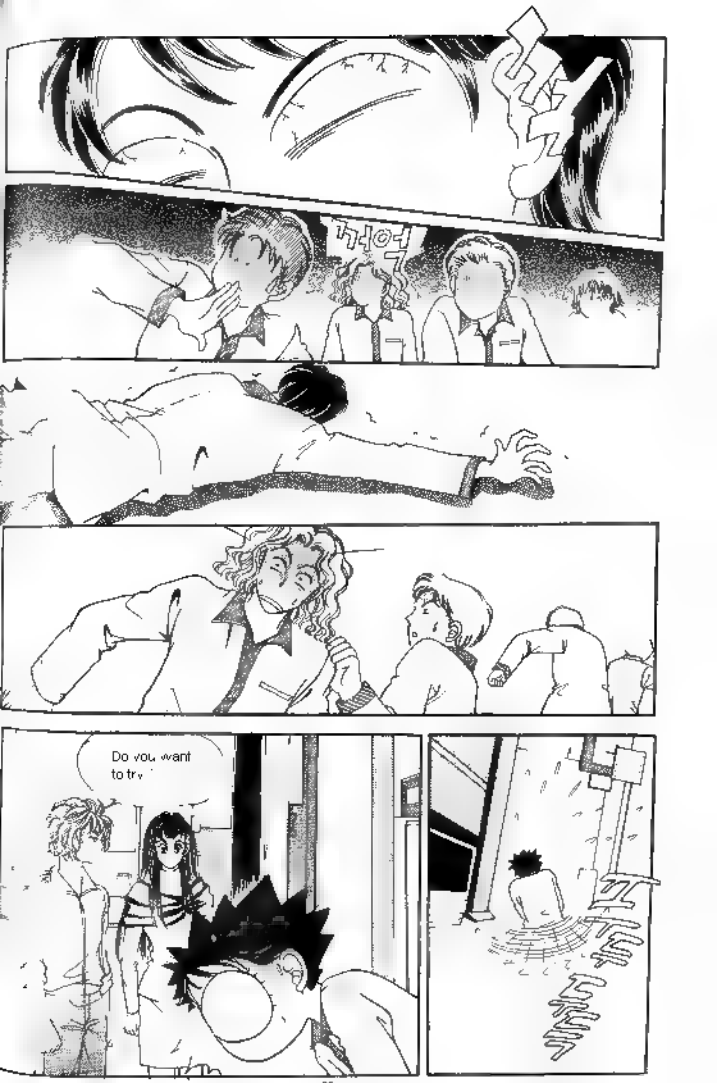
Your index and middle finger bones will be the ones that hit directly
So try to even its bones with your wrist

Like this
Do you understand
Of course unlike someone have a good brain

Time to test
Try this one

Hey you have a talent That was a nice punch
Of course unlike someone do learn
Who is this someone you are talking about
Are you saving you really
Don't know

That s why
said "when
your weapon
is seized "
But you don't seriously
believe that a fist can
do everything
f had my sword
wouldn't have needed
to use my fist
f you don't
have your
weapon and
fist doesn't work
try their balls
What mean by balls
is here



꺄아악
Do you want to try

That really works
The dude will be scared for few months
It s not bad to pay back more than you received
It s an opposite way of doing things compared to my way but guess it s not that bad
Fine It s not like wanted to But since you did help me will pay you back
Say one thing you want
Really Anything

www.janimes.com

burp
Oh,
One more
Why don't you eat It's good
said anything And this is what you ask
Aren't you underestimating my ability too much

Oh right
You are a rich's daughter
Then will order more expensive dish
So
It's either you are really an idiot or very smart
I gave you a chance
If you asked me to give up on Sin Woo would have done so
Then will add more dishes

Are you saying this food is more important than Sin-loo?
That's unexpected
Sin-loo is mine anyway
But the food is not
Are you saying that you don't even consider me as a rival? You are beginning to ruin my pride
Whatever you don't even like him anyway

What do you mean
If you think I am ordering too expensive fish I will downgrade I can live with that
하앙
Order whatever you want Let's see if your stomach has a bottom
How can I say that you are completely looking down at my economical ability
Seo Yeong In said anything And all you think about is food This kind of cheap and low-grade food?!

Sorry for selling "cheap and low-grade" food
Calm down Seo Yeong In You don't want to be seen like this by someone you know Get a hold of yourself
So you are dropping your poker face now Too bad
I want this
Then at least eat ja-jang noodle It's probably cold now
Get that out of my face I don't eat oil-soaked food
I don't eat powdered food

No no
it s not that
cold See
The noodle begins
to expand after
3 minutes
It s been already 10
minutes There is no
need to eat that at
this point
It s all the same
once it goes down
your throat
The noodles
may have
expanded a bit
But it s still good
don't need to
even taste when
they added
artificial
ingredient
A what
What are
you talking
about If
they did that
I'd have
destroyed
this store by
any means
necessary

Fine if you don't want to eat will eat em all
What do you mean by don't like Sin too give me good reasons
f you really loved him you'd never let me be with him for a second
Are you saying have to go nuts everytime see him with a female s that your definition of being a girlfriend
That s not very healthy thing you know

Well
here is another
You said you'd
give up on him
if you loved him
you'd not let him go
Personally
I will never ever
let anyone like go
Never
That makes
a little sense
You are correct
I am not interested
in Sin Joo I am only
interested in his
background
So
back off
Background
appearance
Sin Joo is
better suited
for me

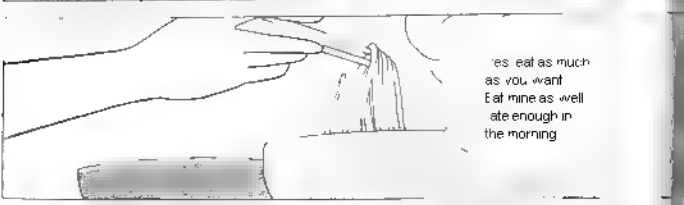
Hey
cancel what
you said
Why
Even you have
the nerve to
be pissed
Cancel what
you said
Or you will
regret
Regret
Are you going
to hit me Fine
do it Make me
hospitalized
will show you
how much am
capable of
You are
not really
going to
cancel it

www.jaimes.com

Do you think I will let you spit it ?! Swallow before I hit you !
No
It has much more calory than ordinary noodle
And it's full of artificial ingredient and germs
must not eat this

Swallowed
How is it?
Good huh?
How is it?
Eat as much as you want Yeong In

am sorry
am sure
your grandfather
gets you much
better food
am sorry that
can only get
you ja-jjang
noodle
Why do you
think that
ja-jjang noodle
is my favorite



es eat as much
as you want
Eat mine as well
ate enough in
the morning

Here eat
here

Why... why cry
f you don't like it
that much
vomit it
or not
ou like so
much that
you cry
Soaked by rain
dead lamp
experiencing the
sadness from
this unstable
world
shall live to
eat ja-jang
noodle that
means more
than happiness

What
I can't believe I am agreeing with the poem by Yeong Ho Seung
This is not even funny
feeling the sentimental moments with this
How ironic this is Seo Yeong In

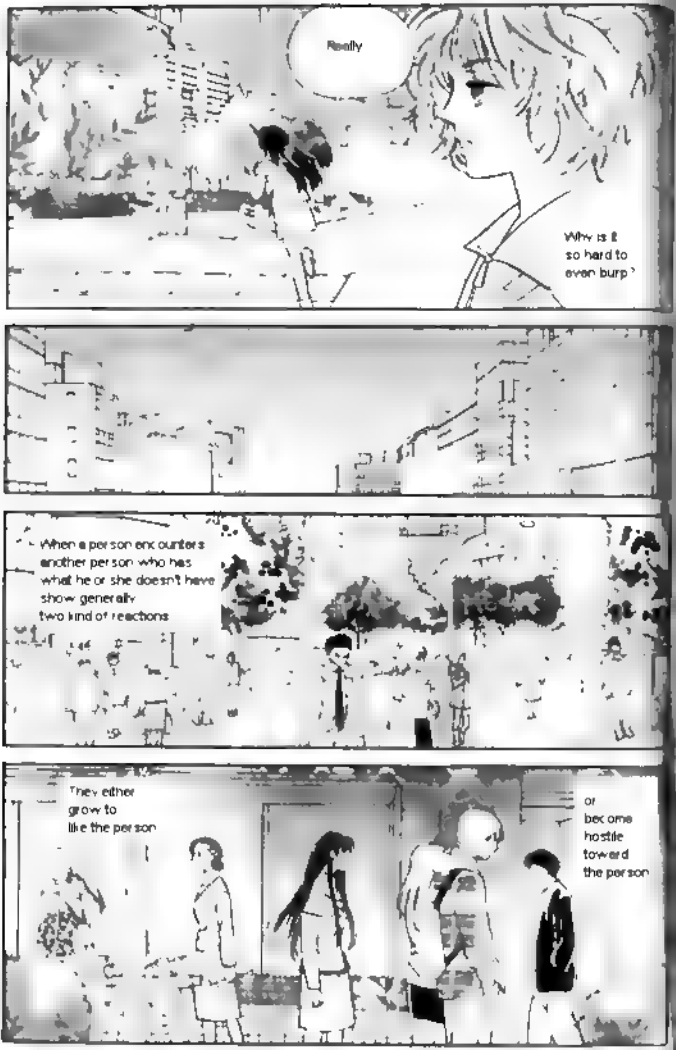
Really
Why does it have to get so complicated when eating a bowl of ja-jjang noodle

109
burp
You were something you ate two bowls in the end
burp

Told you so
have to eat
things to figure
out what you
like
must have
been crazy
Two bowls ?!
Two bowls ?!
never eat anything not even
water after 6 o'clock and
ate 2 bowls of what was
powdered and full of
oiled ingredients
That's more than 1340
calory need per day
Do you want
ice cream as
desert
Stop
burping
Have
some
manner

www.janimes.com

Why are you so shocked at something that's natural
Do you think I am like yourself ?!
Burp is for someone like you
How could How could I have burped ?!
Isn't that obvious You ate two bowls
Don't come near me You are ruining my image I cannot allow myself to see downgraded like this anymore



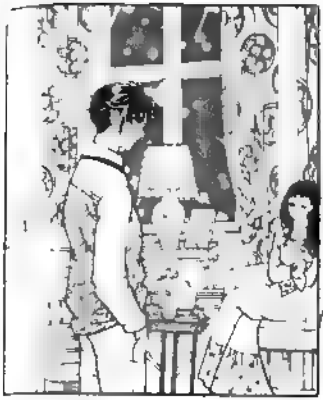
Really
Why is it so hard to even burp?
When a person encounters another person who has what he or she doesn't have, show generally two kind of reactions
They either grow to like the person
or become hostile toward the person

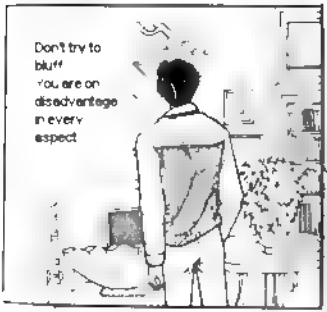
Sin Woo chose to like her
so I wonder which side am
What do you think Kang Ha Ji

It s been decided
It s this Saturday
Some important members from political groups will be attending
I suggest you do not make another fool of yourself
My opinion doesn t matter does it
Yes I am sure you know what kind of situation you are in

It s still possible to cancel all this if the chairman Park wants to But I doubt he is going to yes
Of course not Business is more important than sake of his son for him
So
How far are you going to go
Calm down I am the only one who may convince my grandfather
you know what will happen if I mention him Ha Ii with some tear right

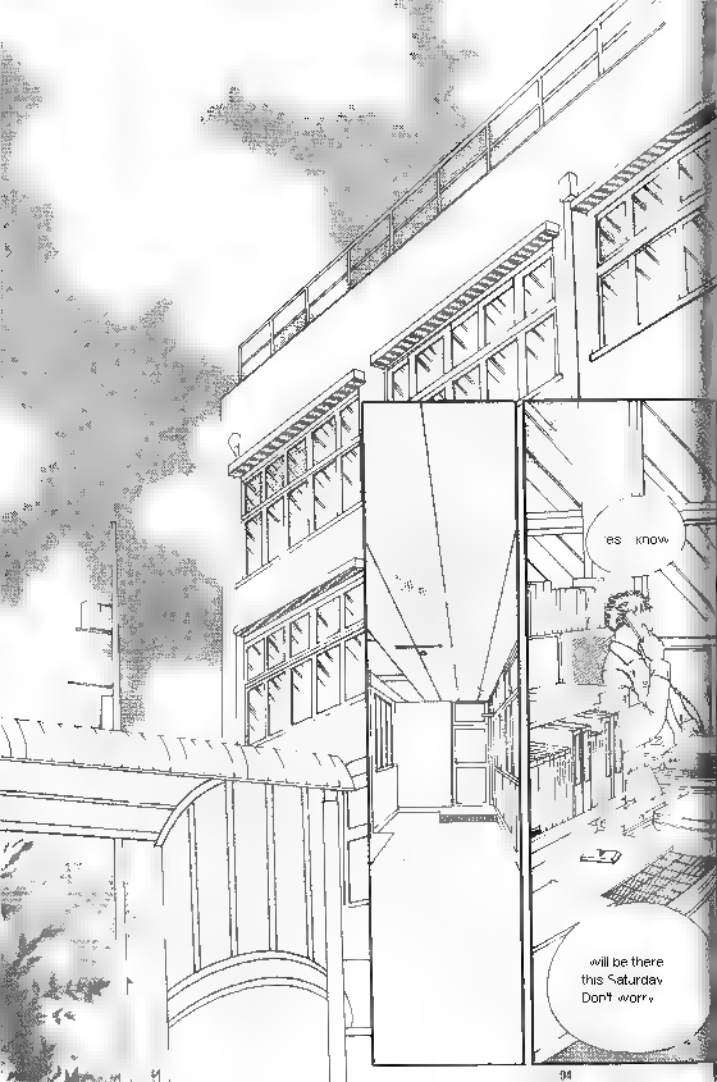
There has been one thing that has been bothering my mind
You've been always cold regarding relationships But you have an exception
I am beginning to see the exception recently
What do you mean
I am saving I am preparing a counterattack
You can count on it





It is miserable yes
But you just have to overcome
Just like how my father literally sold me to my grandfather
when his life was threatened you will do the same

www.jiamies.com



es know
will be there
this Saturday
Don't worry

Ok Ok got it
You are a crazed doctor
Fine will let you cut and paste my body
The surgery do you think you can really do it
It doesn't matter either way but
got to go will call you later
You are going to do it at De Seong hospital

Looks like you heard it all came across one of my old friend He insisted that he'd do it So figured why not
You are going to keep it secret for me right
This Saturday it s when the engagement ceremony will be
thought you'd keep eyes on me until the day it s unexpected from you

www.janimes.com

As expected you are waiting to counterattack
I am sorry to inform you but
Before I go I have to throw my last warning at you

know
am always
careful about
him -
This is no
time to be
easy going
Take my
advice and
don't come
to school for
few days
Aren't you
a little overreacting?
can see that he is
a little off the track
but he is an OK
teacher doubt
he will do things
that will harm his
student

While you see him as a teacher you will fall into his trap
Ok Ok Fine Fine I will just avoid him from now on
Ok
Is he that dangerous ? Or is he merely overreacting due to the clinic incident ?

Good timing
am thirsty anyway
Let s empty it
before somebody
claims
2-5
Hai i
She s not
here
An
think the
athletic s
teacher
took her

Where
Where ?!
You are looking for me right
Don't go too far We are still within the main building
The breeze is nice up here

Roof ?
Hey -

Hmm once of nicest blessins is dying while asleep right
Give it up already know you hired few watchmen throughout the school but you can't defend her fully that way
Simply because the one you need to protect has too many flaws to abuse

My warnings end today. After today there will be no more warnings but actual actions
don't like doing this Sin too No way would like to do this to someone who keeps trying to believe in me
So just go with the ceremony Be by her side just for publicity and by paper That s all
will promise you this

will make sure
you will regret this
for rest of your
life
will take that
as a yes

Eight 71

Get up now
We have to lock the doors and leave
The clinic teacher left me the key
We were waiting on me
Why did you fall asleep
Ah I am so hungry All ate this afternoon was a bottle of juice went asleep right after that
Why
Because was sleepy wonder why became so sleepy

B ~en

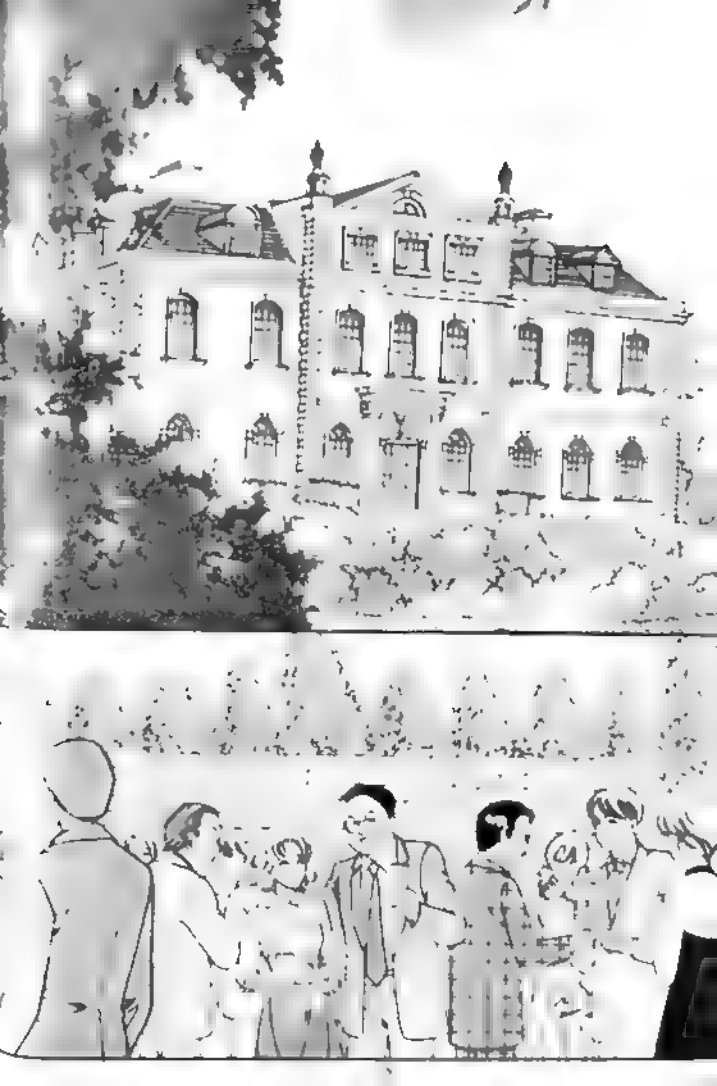
you were pure

You broke it apart
I will make sure you
will regret for rest of
your life

Are you satisfied Yeong In ?
A shell is enough for you ?
Do you know how empty that is ?
You are going the hard way
And why am pushing you to the hard way
Even so Yeong In if that is what you want and you are satisfied
That's fine with me



It's awesome
How long has it been to have a party at chairman Wang's personal palace
Have you heard He is doing it even bigger because of the last engagement

No wonder they keep saving you make the best bride in Korea

Could you leave us in private
Yes but don't kiss We don't have time to redo her lipstick
They look so good each other
It's hard to believe that they are teenagers
Don't tell me there is going to be another Ta Ta punk
I am not stupid enough to use the same tactics twice straight I've come up with more creative way and not involve Hai
I am curious But you are not going to tell me right
I will tell you gladly
I will go with the ceremony I will even marry you

You changed your plan
You are certainly the one who can bring the most power to myself After that thought the answer was clear
What is he up to now
I am glad you've calmed down enough to make a proper judgement
Ah you seemed to be looking for Seong Ho a moment ago
Don't wait for him He is not going to make it to the ceremony

He may not come to see ever again
f his surgery fails
Enough with your lie
Surgery
He has never mentioned it

Of course not he told me not to tell you especially
The surgery will begin today at De-Sveong hospital Considering he has chosen today for the surgery he must have given up on you
What kind of surgery what illness
Well wonder
Tell me !

www.janimes.com

Get a hold of yourself, Seo Yeong In ! Don't make me disappointed now !
gave up on my real one and came here driven by my greediness
You should give up on yours as well to make it a fair trade Don't you think so
It must be a lie No way
He dies He is going to die

Do you want to confirm ?
It's a lie
Jie
Yeong In ? What's up ? You must be pretty busy preparing for the ceremony
You are not coming to the ceremony because you are having a surgery ?

it s quite amazing
to know someone
who can go through
that kind of ordeal
for just love

Everyone blamed and badmouthed my father They said that he cheated on my mother and eloped And made her die in the end They said that father was a cheater
He was the only one who said it was beautiful
He was the only one who did not ruin my memories
Don't cry princess You are making your pretty face ruined

He was my son
He was my

I was not going to

I can't

eong in
Again !!
My son got dumped
in yet another engagement
ceremony !!
How could this happen

슬ㅡㅡ킹
would like to ask you for responsibility of this event
You've embarrassed my father and even my family in front of everyone
This is not only my problem

www.janimes.com

Don't listen to those who are jealous about you. You will be one of the best lady in the future
Trust my judgement
For some reason he has always called me "princess". And ironically whenever he called me like that, I felt as if I've become someone who was royal. In the strange environment all people around me who were plain mean, I could overcome the hardship with his support
Has it been him all along?

Ahah
It began from
there
It has been
him all along
Like how sunflower
would follow Sun
like how a moth would
fly around a fire
To me
he was
everything
studied hard to be
on the same level as his
did what could to
be on the same level as
his
But why

climbed to top
But why did you
downgrade
yourself
The third son
You mean
Seong Ho
Wasn't he the
smartest
It's true
he was
expelled
from school
Oh my
sounds like
he has become
a failure
heard he hangs
out with street
punks these days
They don't say
but heard he
was in even
a prison for a
short time
Why Why did you
downgrade yourself
to bottom while upgraded
myself to top

can't live like you do
cannot give up on everything in exchange for freedom
This is where am
Like that is where you are
So climb up
know you can
For me
Please

Please !
es
The name s
Han Seong Ho
He s scheduled
for a surgery
today

Ah the surgery
It's 3rd floor of
B building
3rd floor of
B building
Yeah
Then will
downgrade
If you can't
give up on
freedom that
you gained after
years of fight
will go down
So
So

eong In

What are you doing here? Are you done with the ceremony already?!
couldn't go through with it... couldn't
can't... with Sin-joo
Don't be absurd. Are you saying even Sin-joo is not your satisfactory?
How far are you going to climb? How much do you need to have in order to fulfill your complex?

thought
was confident
but couldn't
was confident
that could kill

thought could

But it seems
was wrong
eong in
was waiting
was waiting for you
to give up on your

Chairman Jang was scared. Looks like your threatening worked very well.
The joint project will lean to my side. My son ! You've led the whole embarrassing situation to our profit .
Look at the old gazer. He is so happy that he's about to die of joy.
Ah, it seems there is a character in Myeong-seong. I suggest you get along with him well. I underestimated the school because it was 3rd class.
Who ... are you talking about ?
I don't think there is anyone in the school that he'd be careful to.

The last son of the Jang. You don't know each other ?
You seem to be close to their first son.
How do you know ... Jang, Han Seo ?
Ah, yes ! Jang, Han Seo was the name. You don't really know him?
It seems he was the one who managed to build their division in Sibuya, Japan.

At this rate, he may surpass the first son and become the crown heir!
In that family, ability is all they care anyway.
